

Cross Sector Leadership Exchange

Strategic Impact Groups - Senior Leaders

Are you a senior leader who delivers services to the public?
Do you want to gain a unique insight into the strategies and challenges facing other leaders and their sectors?

Do you want to explore how you can better manage the personal leadership challenges you face?

This programme gives you an opportunity to develop your strategic leadership skills, learn about other organisations, increase the effectiveness of your own organisation and improve the lives of citizens and communities.

You will examine sector specific issues and strategic challenges common to most leaders and organisations.

You will explore challenges and opportunities through focusing on real life work problems. Ultimately you will be able to take a much wider view on how such issues are led and managed with a view to implementing changes in your own practice and within your own organisation.

You will have an opportunity to develop in the following areas:

- Accredited continuing personal development
- Developing networks
- Building and maintaining relationships
- Working with other organisations
- Encouraging improvement and innovation
- Identifying the contexts for change
- Influencing the vision of the wider public sector
- Developing strategy

Strategic Impact Group Features:

Participants will sign up to five one-day sessions at a cost of £700 plus VAT. The Group will meet at a different location each time, hosted by one of the participants, and we will agree and arrange the dates once the group is formed. This provides a series of organisational visits, deepening the learning of cross sector challenges. The cost of attendance is therefore subsidised through this collaborative cross-sector delivery and the sharing of resources including venues. Each participant is asked to pay their own travel and other costs. Refreshments will be provided by the host organisation, but participants may need to provide their own lunches.

Costs:

Public Sector rate: £700 plus VAT for the programme of five Strategic Impact Group Sessions

How do I apply?

If interested, please email bookings@csleuk.org or visit www.csleuk.org.

For more information please email: sue@csleuk.org or tel: 07590353005

The Cross Sector Leadership Exchange (CSLE) CIC was set up by a consortium of like-minded public and voluntary sector professional leaders. The CSLE aims to develop existing, future and aspiring leaders to deliver better services to the public, thereby improving the lives of citizens. The CSLE brings together delegates from a range of sectors and organisations to address real problems with real partners and design real solutions. Through its programmes, the CSLE encourages collaborative working and provides participants with the skills and networks they need to drive effectiveness across the public sector.
